(b) LOTS REDUCED BY PUBLIC ACQUISITION

Where the area of a lot is reduced by means of an acquisition of part of the lot by a public agency for the purpose of providing a public service, and where such acquisition causes the lot as reduced, or any building or structure existing lawfully on the lot on the date of such acquisition, to have a lot area, lot frontage, lot coverage, area of landscaped open space, setback, front yard depth, side yard depth or rear yard depth that does not conform to the requirements hereof for the zone in which such lot is located, then nothing in this By-law shall apply to prevent the continued use of the lot as reduced as if no such acquisition had taken place, provided that:

Sandwich St.	Brunner Road to Fort St	25 m
Sandwich St.	Fort St. to Park St.	11.5 m
Sandwich St.	Park St. to Southern limit of Corporation	30 m

<u>Road</u>	<u>Location</u>	<u>Setback</u>
Alma St.	Sandwich St. easterly to Corporation limits	25m
Simcoe St.	Sandwich St. easterly to Corporation limits	25m
Richmond St.	Seymour St. easterly to Corporation limits	No minimum
Murray St.	Sandwich St. to Dalhousie St.	No minimum
Dalhousie St.	Rankin St. to Park St.	No minimum

Notwithstanding any yard or setback provisions of this By-law to the contrary, no part of any building or structure erected hereafter shall be closer than twenty-six (26) metres to the centreline of a County Road and, where a municipal drain running parallel to the direction of the road lies within the road allowance or adjacent to it, the building setback shall be thirty-four (34) metres from the said road centreline on the side containing the municipal drain. This provision does not apply to County Road 20 between Brunner Avenue and Lowe Sideroad.

For all other streets within the Corporation, the front yard depth provision of the zone shall apply.

(b) EXEMPTION IN BUILT-UP AREAS

The minimum setback required on a lot that is between two adjacent lots on which are located existing buildings not more than 90 metres apart shall be the average of the established building lines on the said adjacent lots, provided that no setback requirement calculated in accordance with this Clause shall exceed the applicable setbacks required of the appropriate zone provisions.

(c) SETBACKS FROM LAKE ERIE

Notwithstanding any other provisions of the By-law to the contrary, no part of any building or structure, other than a fence, hedge or shoreline protection wall, shall be erected in any zone or defined area:

- i. within thirty (30) metres of the water's edge of Lake Erie where erosion facilities and shore protection works described below have not been constructed;

- ii. within fifteen (15) metres of the water's side of the erosion facility or the shoreline protective work where adequate erosion facilities and shore protective works as recommended by the Essex Region Conservation Authority or a qualified professional engineer have been constructed.

1. Rear Yard Depth

In addition to the setback requirements in the Subsections above, on any lot that abuts Lake Erie the required rear yard depth shall be the rear yard depth required by the zone regulation applicable to the site, or the established waterfront building line or the setback as determined in the Subsections above, whichever is the greater. For the purpose of this Subsection, established waterfront building line shall be calculated by taking the average depth of the existing main building on the two adjacent lots as measured from the water's edge to the closest exterior wall of the main building and parallel to the front lot line. Where there is an existing building on only one side of the lot, the established waterfront building line will be calculated by taking the average depth of the existing main building on the adjacent lot as measured from the water's edge to the closest exterior wall of the main building and the measurement of 7.5 m for the vacant adjacent lot.

(By-law 2006-61)

2. Accessory Buildings and Structures

Notwithstanding Section 3(1) of the General Provisions, no person shall construct an accessory building or structure within the prescribed rear yard limits, except a deck, boat lift, boat well, boat house, dock, steps and/or shoreline protective works, provided that the said facilities are constructed as prescribed in a permit issued by the applicable Conservation Authority in consultation with the Town.
